

You are invite to the first annual
Warren County Horse Trails Association Open Trail Ride
Saturday, May 19, 2007

Join us at the Scotch Ridge Center* for our first open trail ride. The center is located west of Carlisle, Iowa and is right off the Highway 5 Bypass. The purpose of this event is to help raise money and awareness for the Warren County Horse Trail Association (WCHTA) and provide horse trails for the 3,000 horses in Warren County and the future riders who will discover Iowa's beautiful countryside.

Join us with a WCHTA Membership.

* The Scotch Ridge Center will provide a learning center and repository for historical data, artifacts relating to the native inhabitants and first settlers of the area, and the history of Northeast Warren County. The center will be a fine facility for many environmental and cultural events
